Keeping children safe is a top priority at Apple-A-Day Child Care Center. No child shall be left alone or unsupervised while in my care and will always be within my sight and hearing at all times. I will take attendance daily upon your child's arrival on premises and keep a count frequently while transitioning for meals, toileting/diaper changes, naptime, before and after outdoor play time.

Parents will receive a pamphlet, "Your Guide to Regulated Child Care" which is a summary of child care licensing regulations, as part of your enrollment packet.

Parents are welcome to visit my child care program at any time during the hours of operation unless parental access is prohibited or restricted by a court order. If so, I will need a copy of the order. Please understand that I can legally limit access to a parent if there is not a copy of a court order on file at the center.

I am required to maintain a current, accurate written record of daily attendance for all of the children. Please assist me in meeting this requirement by signing your child(ren) in and out of the center on the required Daily Attendance Record.

Children will only be released to persons listed on the enrollment form. If anyone other than the child's parent or someone who is listed on the enrollment form is to pick up a child, I need to be notified in writing or by a telephone call in advance. The person picking up the child may need to show a driver's license or other picture ID.

I WILL NOT walk children who attend school to and from the center in the morning and after school. If parents wish to allow a school-age child to leave or arrive at the center unescorted, they must provide written authorization for this activity. School-age children who leave the center unescorted must be traveling to home, school or another activity where adult supervision is present. Parents may use the form "Alternate Arrival / Release Agreement – Child Care Centers" to provide this information to the center.

If the parent or other authorized person arrives to pick up a child and that person appears to be intoxicated or under the influence of drugs, all reasonable steps will be taken to prevent the person from leaving with the child, including offering to call a cab or another contact person. While I cannot legally withhold a child from the legal guardian, I will not hesitate to call the local authorities if I feel the child is in danger.

It is important that we communicate daily concerning the needs and interests of your child. If there are issues or concerns that need to be discussed, please work with me to arrange a convenient time to talk on the phone at naptime or in the evening so we can give the

issue the attention it deserves. To foster communication, on a regular basis Apple-A-Day Child Care Center will provide parents daily sheets, a parent bulletin board and scheduled conferences.

To protect each family's confidentiality, Apple-A-Day Child Care Center will not disclose personal information regarding a child or facts learned about a child or a child's family to anyone who is not authorized to receive this information. Parents, upon request, have access to all records and reports maintained on his or her child unless restricted by court order 250.04(7)(b)2.

Should the parent remove the child during the notice period I initiate, fees will not be charged for the remaining unused days.

Parents must give a 2 week written notice of their intent to withdraw child(ren), and will be required to pay for those 2 weeks whether or not children continue to attend. All outstanding fees must be paid.

Prior to applying sunscreen or insect repellent to a child, I will obtain a written authorization from the child's parent. The authorization shall include the brand and the ingredient strength.

VII. DAILY ACTIVITIES: Policy Effective Date: 06-2017

I do not include religious instruction or practices in my daily activities however we do offer prayers before meals and snacks. We do not offer a religious education program or curriculum.

We celebrate the following occasions: children's book day, young reader's day and make a snowflake day.

I plan activities according to the age and developmental level of each child in care, and provide children with a variety of experiences. The daily activities include a flexible balance of indoor and outdoor activities, active, quiet play and individual and group activities. The activities provided will expose the children to a variety of cultures, and will encourage the children to use and develop language and literacy skills, use large and small muscles, think creatively, learn new ideas and skills, and participate in imaginative play. The activities are designed to provide protection from excess fatigue and over stimulation and to ensure that each child can be successful and feel good about himself or herself. Some of the activities include:

- Language development: Books, music, story time, finger plays
- Large muscle skills: Balls, swinging, hula hoops, outdoor play
- Small muscle skills: Arts and crafts activities, stringing beads, Legos, blocks
- Creative expression: Dramatic play, music, musical instruments, art activities
- Self-help skills: Dress self for outdoor play, help with jobs in the center
- Literacy skills: Books, alphabets, numbers and writing games

Play is the major component of our program. Enough time, materials and space will be provided for children to actively explore the world around them. Children will have an opportunity to use a variety of art materials and manipulative and housekeeping equipment.

Infants and toddlers (children under two years of age) will have a flexible schedule which reflects the child's individual needs. They will be given individual attention including lots of time for talking. The body position of non-mobile infants and their location in the center will be changed frequently. I will provide safe, open spaces for children who are creeping and crawling. Infants and toddlers will be encouraged to play with a wide variety of safe toys and objects.

School-age children will have a quiet place to study or relax, access to appropriate materials and activities and will have ample time for large muscle activities and to participate in food preparation.

Children, including infants and toddlers, will go outdoors daily when weather permits, so dress your child appropriately for the weather. The children may be kept indoors during inclement weather such as any of the following:

- Heavy rain
- Temperatures above 90 degrees F.
- Wind chills of 0 degrees F. or below for children age 2 and above
- Wind chills of 20 degrees F. or below for children under age 2

There is an outdoor play space on the premises of the center. Trampolines and inflatable bounce surfaces on the premises may not be accessible to or used by children in care.

I do not have a swimming pool on the premises.

The center will not use wading pools for the children.

Rest or naptime will be provided for all children younger than five years of age who are in care for more than four consecutive hours. Children who do not sleep may get up after 30 minutes, and children who awaken early will be allowed to get up when they awake. I will help them find quiet activities away from other children who are sleeping.

Children under one year of age will sleep in a crib or pack in play. Children over the age of one year will sleep in a pack in play, crib, sleeping bag, cot or 2"thick mat. I will launder the bedding / sleeping bag after every five uses or sooner if necessary.

I will allow children to watch G-rated television including VHS or DVDs. Children may not bring VHS or DVDs from home. The children will be allowed to watch television under the following situations: before naptime, during early morning or late afternoon or special occasions. Children are not required to watch television, and other activities will be available during that time for children to use.

Field trips: We occasionally take field trips, including walks around the neighborhood. Emergency information for each child will be taken whenever the children leave the premises.

See attached SCHEDULE OF DAILY ACTIVITIES.

VIII. CHILD GUIDANCE: Policy Effective Date: 06-2017

Children's behavior will be guided by setting clear limits or rules for children. I will talk with children about expected behaviors and model those behaviors consistently for them. I will state positively what children can do, using specific terms (e.g., "you need to walk" rather than "don't run"). Undesirable behavior will be redirected to another activity. Children will be given a wide variety of age-appropriate activities to choose from and will be given the attention they need before they demand it. Behavior management will be for the purpose of helping children develop self-control, self-esteem and respect for the rights of others.

I understand that there will be times when a child will become distraught, fussy or won't quit crying. My first action in these situations will be an attempt to determine the cause of the distress. It may be related to a basic need such as hunger or comfort, or it may be that the child just needs some extra time and attention. I understand that crying is normal, and that all babies will have times when they cannot stop crying. At these times, I will stay calm and will do whatever I can to soothe your child. Sometimes this may mean just allowing the child to cry for a few minutes and then trying again. However, there also may be times when I need your advice or assistance, and I won't hesitate to call you if I feel that it is necessary.

I use "time outs" to deal with unacceptable behavior. A "time out" or "take a break" may be used when other techniques have not been successful. A time out will be used to remove a child from a situation that has gotten out of control before a child can hurt himself or others. Time outs will never exceed five minutes and will not be used with children under three years of age. When used, the time out will immediately follow the behavior. I will stay with the child and talk about what behavior was unacceptable, and what else s/he might have done or said instead. Rather than use a specific time-out chair or corner, I will have the child "take a break" near the others so the emphasis is on relax / cool down rather than isolation and punishment. The child will be praised after completing the time out and will be helped to rejoin the group.

I recognize that no single technique will work with children every time. If a child exhibits unacceptable behavior, I will request a conference with parents to consider how to deal with the behavior. If the behavior continues, the next steps may include referrals to appropriate community resources and / or discharge of the child from care.

In accordance with DCF 250 Licensing Rules for Family Child Care Centers, actions that may be psychologically, emotionally or physically painful, discomfoting, dangerous or potentially injurious are prohibited. Prohibited actions include spanking, hitting, pinching, shaking, slapping, twisting, throwing or inflicting any other form of corporal punishment on the child; verbal abuse, threats or derogatory remarks about the child or the child's family; physical restraint, binding or tying the child to restrict the child's movement; enclosing the child in a confined space such as a closet, locked room, box or similar cubicle; withholding or forcing meals, snacks or naps; actions that are cruel, aversive, humiliating or frightening to the child; or punishing a child for lapses in toilet training. These forms of punishment will never be used, even at a parent's request.
